

5 DAYS *Tanzania Lodge Safari*

Tour Highlights

During this 5-day lodge safari you will visit the Tarangire and Serengeti National Park as well as the world famous Ngorongoro Crater. Enjoy the beautiful scenery as you immerse in Africa's breath-taking nature and wildlife

Day 1

Kilimanjaro International Airport to Moshi

A staff member of Jerry Tanzania Tours will pick you up from the Kilimanjaro International Airport (IRO). From here you will be driven to Hotel in Moshi and briefed on your upcoming safari. Enjoy a restful night before beginning your safari tomorrow.

Day 2

Moshi – Tarangire National Park – Karatu

In the morning at around 6:00 a.m. your safari guide will arrive at the hotel and inform the receptionist that he is waiting for you. After meeting up with your driver, you will start your approximate four-hour journey to Tarangire National Park. The park is famous for its diverse landscape with nine different vegetation zones. Tarangire is particularly known for the abundance of Ancient Baobab trees (the largest trees in the continent) which fill the landscape and dwarf the animals next to them. The river of the park is full of wildlife ranging from a large variety of birds to lions, leopards, zebras, giraffes, buffaloes, antelopes and, of course, elephants. In fact, this park has the largest concentration of elephants in the whole country and provides unique chances to observe the interaction between elephant families. The lunch area is fascinating, boasting an observatory with amazing views to the river and wildlife (with good chances of seeing a hunt while having your picnic). After an extensive game drive, enjoyed from the open roof of the vehicle, you will leave the park and travel to a nearby lodge, where you will overnight.

Day 3

Karatu to Serengeti National Park, by way of Ngorongoro Conservation Area

After an early breakfast, you will drive towards the most famous National park in the World, the Serengeti. You will drive up the crater highlands, making a quick stop at the rim for an out of this world view of Ngorongoro Crater. This will be an unforgettable moment for anyone seeing it for the first time. As you progress well into the Serengeti, you will see why the name means, in local language, "endless plains". The park has 5,700 sq. mile (14,763 sq. km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home of the Great Migration and to 2 million wildebeests, hundreds of thousands of zebras and all kinds of antelopes including the abundant impalas and Thomson's gazelles. As for Big Cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous river crossings having been filmed in this park. Smaller animals like foxes, mongoose, honey badgers, jackals, monkeys, baboons, rock hyrax and African hares, together with more than 500 species of birds, also inhabit this park. The night will be spent on a tented camp in the central Serengeti.

Day 4

Serengeti National Park

The whole day in the Serengeti National Park. We are completely flexible with your preferences and this day will be organized according to your wishes. On every day of the safari, your guide will discuss with you the best timings for you, including the game drives and the wake up time. For example, on this day, you could do a morning game drive, return to the camp for lunch and relaxation and finish with an afternoon game drive, or you could do a full day game drive with picnic lunch. You will spend the night at a tented camp in the Seronera area

Day 5

Serengeti – Ngorongoro Conservation Area

After breakfast you will join another game drive in the Serengeti National Park and you might spot animals you haven't seen during the last two days. The Serengeti is also home to the Big Five – lion, elephant, buffalo, rhino and leopard – and today you might be able to see all the members of this group. After lunch at a picnic site, you will drive in direction of the Ngorongoro Crater and as soon as you have reached the edge of the crater, the caldera opens up before you. This approximate 20 km wide crater is a UNESCO World Heritage Site and home to over 25,000 animals. You will spend the night at the Ngorongoro Rhino Lodge located within the Ngorongoro Conservation Area.

Day 6

Ngorongoro Crater to Moshi

After breakfast at daybreak, you will start your descent on a narrow and steep road to the crater floor. The Ngorongoro Crater is the largest, unbroken and unflooded caldera in the world and it has an unbelievable diversity of wildlife. In addition to zebras and wildebeests, you might also spot the rare black Rhino and other members of the “Big Five” – lion, elephant, buffalo, and leopard. The crater is also home to other animals such as hyenas, waterbucks, bushbucks, eland and more than 500 bird species. After extensive game viewing and a lunch at a picnic spot, you will leave the caldera and travel back to Moshi, where you will arrive in the early evening.
