TOUR HIGHLIGHTS:

- Float in a Hot Air Balloon Safari over the famous Serengeti National Park with its enchanting scenery and vistas.
- A Serengeti hot air balloon ride is an adventure that can easily be included in safari itineraries that include at least two nights in central Serengeti or Western Corridor Camps.
- You take off at dawn, rising as the sun rises and float in whichever direction the winds of the morning take us.

ITINERARY

Serengeti Balloon Safari starts at 06:30 a.m. When you arrive, you will meet your pilot and witness your balloon being inflated and prepared for launch. After a thorough safety briefing and demonstration of boarding and landing position, you will board your balloon and take-off. The schedule has been designed to fit in with all standard safari itineraries visiting the Serengeti National Park, hence the return at 9:30 a.m. allow clients to continue with other planned activities for the rest of the day.

Each balloon can carry up to 16 people per flight. Only two balloons fly each day, hence reservation is necessary. This gives you the opportunity to take photos and have a panoramic view of the mighty Serengeti Plain.
